PEGASO @ THE EUROPEAN OBESITY SUMMIT 2016

On 5th June 2016, **Pegaso** has been **presented during a symposium and a poster presentation** at the **European Obesity Summit (EOS 2016)** in Gothenburg Sweden. EOS 2016 brought together specialists from every area of obesity research, prevention and management. Delegates were clinicians, practitioners, physicians, nutritionists, surgeons and researchers – all experts and key opinion leaders in the field of obesity and its co-morbidities. EOS 2016 was considered the **most important obesity meeting of 2016 in Europe**.

PERSONALISED GUIDANCE SERVICES FOR OPTIMISING LIFESTYLE IN TEEN-AGERS.
Knowledge on how to stay healthy does not by itself motivate people to adopt healthy lifestyles. PEGASO targets teenagers by utilising technologies and approaches they are familiar with. Gaming strategies, social networks and communities of interest are integrated in a participatory design methodology that can make a difference. Follow us on PEGASO Fit 4 Future!

This project has received funding from the European Union's Seventh Programme Framework research and innovation programme under grant agreement No 610727.
