PEGASO REACHES THE FAR EAST

The PEGASO team attended the "Workshop on Aging, Health and Technology" in Tokyo (Japan) as invited guests. As this is a poster, please visit the PEGASO website to find out more about the poster session in question, and to view the project's progress on its activities in the domain of active ageing.

A PETITION FOR BETTER FOOD IN SCHOOLS

Jamie Oliver, chef and TV presenter, has launched a petition on Change.org for better nutritional education in schools and to defeat child obesity. Well aware of obesity impacts on children's health, Jamie Oliver launched a new campaign.

Having been committed for years to spread information about junk food dangers for health, the chef, who created Food Revolution Day, is devoting to health diets. He is aiming to ask G20 leaders to make practical nutritional education.

9 MAY - EUROPE DAY AT EXPO MILANO 2015

9 May is Europe day, 65 years ago the then-French Foreign Minister Robert Schuman gave the speech that is considered to be the starting point of the European Union: the Schuman Declaration. The European Union decided to celebrate this important day with an impressive initiative within its pavilion at Expo Milano 2015. During the 6-month world exposition in Milan the European pavilion will deepen these themes and issues.
